

10/18/21

To Parents/Guardians of Sturgis Elementary Students:

Covid Update: We had one new case of Covid last week. We continue to maintain the Phase I (Green) Status.

Fundraiser Pickup: Items will be ready for pick up on **Thursday, October 28th from 3:15 p.m.-6:00 p.m.** The date has changed from this week due to suppliers being unable to ship the cookie dough. Due to the supplier being unable to get certain supplies, they will not be able to make the candy flavored cookie dough. They will be substituting these orders with chocolate chip. Anyone that wants their money back rather than taking the substitute, please contact the school. I apologize for any inconvenience this has posed.

ALICE Safety Drills: Our safety drills will be conducted on Wednesday, October 20th

School Picture Retakes: will occur October 25

Upcoming Traffic Delays: Lastly, we received notification today that MDU will be working on Ballpark road by the Overpass on 10/25 and possibly 10/26. There will be flag person directing traffic but drivers should expect delays.

If you have any questions please don't hesitate to contact us.

Chantal Ligtenberg

Sturgis Elementary Principal
