ATTENDANCE

All students need to report to the office when arriving late or leaving during the day. If your child is absent, please contact the office (605-269-2264) between 8 and 9 a.m. In accordance with school law, elementary students are expected to regularly attend school for the entire school term. Perfect attendance is defined as having no tardies, no absences (other than school exempt), and no early releases.

ATTENDANCE POLICY

(File:JED*)

School is preparation for future life. It is important that habits of regular attendance be developed. A student's contribution and achievement in class are directly related to attendance. Students and parents/guardians must understand that students miss a vital portion of their education when they are absent from class. Teachers and administrators are expected to communicate with students and parents/guardians about the effect of attendance upon student achievement and success in their class and in their lives as adults.

General Provisions:

Certain absences will be excused by the principal or designee upon receipt of a telephone call or written and signed explanation from the parent/guardian. These absences will include:

1. Illness or quarantine
2. Serious illness or bereavement in the family
3. Major religious holidays
4. Weather so inclement as to endanger the health or safety of the student

A student may also be excused for other exceptional reasons with the approval of the principal. The school may at any time refuse to grant an excused absence regardless of parental consent.

A student shall be eligible to be counted for school attendance up to five (5) days in a school term when an excuse from actual school attendance is requested by a parent/guardian for the purpose of attending events of state or nationally recognized youth programs of educational value. The principal shall have authority to require documentation verifying the student's attendance at the event and its educational value.

In instances of chronic or irregular absences reportedly due to illness, the school administration may request a physicians statement certifying such absences to be justifiable.

Students are expected to make up work missed because of absences. Teachers may establish time limitations for makeup work and may require a student to make up time missed because of unexcused absences. Teachers may also withhold credit for work missed because of unexcused absences.

Students who are habitually tardy create unnecessary disruptions to the educational process, which impedes their learning as well as the learning of their fellow students. Students are expected to be in school and in each class on time each day. Students who are habitually tardy shall be subject to disciplinary action as determined appropriate and necessary by the principal. Principals and teachers are encouraged to develop incentive programs that promote regular school attendance

This policy does not include absences that are due to school sanctioned activities. However, it is expected that all school sanctioned activities will be scheduled so as to minimize the absences from class and that students who participate in such activities will do so only if they are in good academic standing as determined by SDHSAA and/or Meade School District 46-1 criteria.

Elementary Schools and Middle School:

In accordance with school law, elementary and middle school students are expected to regularly attend school for the entire term.

Absences other than excused absences shall be considered truancy. Excessive absenteeism shall be defined as exceeding ten (10) days per school year for any reason. If a condition of excessive absenteeism occurs, the principal shall provide the parents/guardians with written notice of the school's concern. If absenteeism continues, legal authorities will be notified, unless it has been determined that the excessive absenteeism is for reasons beyond the control of the parent and/or student. (i.e. illness and/or hospitalization)

Failure to attend school regularly and failure to make up required work are factors which will be considered in determining the promotion or retention of elementary and middle school students.

ARRIVAL

Classes will begin at 8:00 a.m. Be advised that the playground is not supervised until 7:45 AM.

Some children are allergic to animal dander, therefore, pets may be brought to school with permission of principal and following requested guidelines.

Students who bring skateboards, bicycles or scooters to school may not ride them once they get on school property because of the danger to other pupils in a crowded area. School officials cannot be responsible for bicycles, scooters, and skateboards lost or damaged at school. A parking rack is provided for such items.

BUS REGULATIONS

Riding the school bus is a privilege not a right. If students abuse the privilege of riding the bus, they may be removed from the bus route and it will be the parent's responsibility to get their child to and from school. The primary responsibility of the bus driver is to provide a safe trip to and from school.

1. Bus drivers are an extension of the school system and have the same authority as other school officials when supervising students on the bus.
2. Behavior on the bus that takes away from the bus driver's ability to concentrate on safely driving the bus will not be tolerated.
3. Absolutely no tobacco, alcohol or other controlled substances allowed on the bus.

STUDENT GRIEVANCE PROCEDURE

A. STUDENT GRIEVANCE

A grievance is defined as a complaint lodged by a student with a member of the staff or administration alleging one or more of the following unfair practices:

- 1) that a school rule is unfair
- 2) that a school rule or regulation discriminates between students
- 3) that an unfair procedure has been used in arriving at a punishment

Grievances are processed through 3 steps: *1) to the Counselor, 2) to the Principal, and 3) to the Superintendent, in that order.*

On all three levels an informal conference is to be held within five (5) days of the date of filing of the complaint so that no student's complaint shall consume more than 15 days time in all. The burden of proof is upon the student to show that a rule is unfair, is discriminatory, or that an unfair procedure (lack of due process) has been perpetrated. The final resolution of the grievance is to be in writing at the principalship level and designed to provide the student with a basis for resolution of the problem as originally stated.

B. STUDENT GRIEVANCE PROCEDURE

If a student has a grievance, they should present it in writing to:

LEVEL I:

The school counselor should be scheduled for an informal discussion of said grievance, it is expected that many grievances may be resolved at this level. The counselor must hold a conference within five (5) days of the date of the filing.

LEVEL II:

If a student is not satisfied with the resolution made at Level I, that person may appeal in writing to the Principal for an informal conference and discussion of said grievances.

LEVEL III:

If a student is not satisfied with the resolution made at Level II, they may appeal to the Superintendent for an informal conference and discussion of said grievances.

LEVEL IV:

If a student is not satisfied with the resolution made at Level III they may appeal to the Board of Education.

Bullying and harassment of students are not tolerated by the Meade School District. The school district is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Therefore, the school district prohibits harassment or bullying.

Bullying and harassment are repetitive, intentional, harmful behaviors initiated by one or more students and directed toward another student or students which create a hostile school environment including, but not limited to, the following:

Physical - harmful action or threat of harmful action against another person;

Verbal, Written or Electronic - threatening, unkind, abusive or hurtful communication to a person or about a person;

Emotional - taunting or other conduct intended to upset, exclude, or embarrass a person;

Sexual - conduct or communication based on actual or perceived trait or characteristic of a person because of gender and/or initiation of unwarranted or unwelcome sexual advances, or

Racial - rejection, exclusion, isolation, or embarrassment of a person because of ethnicity.

This policy applies while students are on school property; while in school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities, or while using school equipment.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion.

Retaliation against a person because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding is prohibited. An individual who knowingly files a false harassment complaint and a person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall a person who is found to have retaliated against another in violation of this policy. A student found to have retaliated or filed a false complaint in violation of this policy shall be subject to measures up to, and including, suspension and expulsion.

The building principal, school counselor or principal's designee will be responsible for investigating all complaints by students alleging bullying or harassment. All documentation associated with a complaint shall be maintained by the building principal.

BULLYING/HARASSMENT INVESTIGATION PROCEDURES

Students who feel that they have been bullied or harassed should:

- Communicate to the perpetrator that the individual expects the behavior to stop, if the individual is comfortable doing so. If the individual wants assistance communicating with the perpetrator, the individual should ask a teacher, counselor, principal, or other adult in charge to help.
 - If the bullying or harassment does not stop, or the individual does not feel comfortable confronting the perpetrator, the individual should:
 - tell a teacher, counselor, principal or other adult in charge; and
 - write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including:
 - what, when and where it happened;
 - who was involved;
 - exactly what was said or what the perpetrator did;
 - witnesses to the bullying or harassment;
 - what the student said or did, either at the time or later;
 - how the student felt; and
 - how the perpetrator responded.
- **The incident needs to be reported to the building principal as soon as possible.**

FORMAL COMPLAINT PROCEDURE

An individual who believes that he/she has been harassed or bullied will notify the principal, school counselor, or principal-designee. The investigator may request that the individual complete the Harassment/Bullying Formal Complaint form and turn over evidence of the incident, including, but not limited to, letters, tapes, or pictures. Information received during the investigation is kept confidential to the extent possible.

The principal or the alternate investigator, with permission from the principal, has the authority to initiate an investigation in the absence of a written complaint.

INVESTIGATION PROCEDURE

The investigator will reasonably and promptly commence the investigation upon receipt of the complaint. The length of the investigation is governed by the facts and complexity of each individual case but should be completed within 30 calendar days of the complaint. The superintendent may approve an extension in special circumstances. The investigator will interview the complainant and the alleged perpetrator. The alleged perpetrator may file a written statement in response to the complaint. The investigator may also interview witnesses as deemed appropriate.

When a formal complaint has been filed, and upon completion of the investigation, the investigator will make written findings and conclusions.

RESOLUTION OF THE COMPLAINT

Following the completion of his/her own investigation or upon receipt of an alternate investigator's report, the principal may investigate further, if deemed necessary, and make a determination of any appropriate additional steps which may include discipline.

The principal will file a written report documenting any disciplinary action taken or any other action taken in response to the complaint. The remedial actions taken by the principal, including disciplinary action where appropriate, should be designed to prevent further bullying or harassment. The principal, or designee, will monitor the effectiveness of the remedial actions taken by contacting the complainant during the month following the investigation resolution. These contacts should be included in the documentation. If further remedial actions are necessary, the case shall remain open with ongoing monitoring and documentation. The complainant, the alleged perpetrator and the investigator will receive notice as to the conclusion of the investigation. The principal will maintain a log of all complaints, findings, and actions taken, and will maintain all documentation related to a complaint investigation during the duration of the perpetrator's school years.

POINTS TO REMEMBER IN THE INVESTIGATION

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and promptly investigated.
- No retaliation will be taken against complainant/individuals involved in the investigation process. •

Retaliators will be disciplined up to and including suspension and expulsion.

CYBER BULLYING

Cyber bullying is all forms of harassment over the Internet or other forms of electronic communications, including cell phones. Students and staff will refrain from using communication devices or District property to harass or stalk another. The District's computer network and the Internet, whether accessed at school or away from school, during or after school hours, may not be used for the purpose of cyber bullying. All forms of cyber bullying are unacceptable and viewed as a violation of this policy and the District's acceptable computer use policy and procedures.

Users are responsible for the appropriateness of the material they transmit. Hate mail, harassment, discriminatory remarks, or other anti-social behaviors are expressly prohibited. Cyber bullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs. It is also recognized that the author (poster or sender) of the inappropriate material is often disguised (logged on) as someone else.

Students and community members who believe they have been the victims of such misuses of technology, as described in this policy, should not delete the offending material from the system. A copy of the material should be brought to the attention of a principal or teacher.

The administration shall fully investigate all reports of cyber bullying.

In situations in which cyber bullying originated from a non-school computer or cell phone, but brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly interrupts or severely impedes the day-to-day operations of a school. In addition, such conduct must also violate a school policy. Such conduct includes, but is not limited to, threats or making a threat off school grounds to harm a member of the school staff or a student.

Malicious use of the District's computer system to develop programs or to institute practices that harass other users to gain unauthorized access to any entity on the system and/or damage the components of an entity on the network is prohibited.

Disciplinary action may include, but is not limited to, the loss of computer privileges, detention, suspension, or expulsion for verified perpetrators of cyber bullying. In addition, when any kind of threat is communicated, it shall be reported to local law officials.

COMPREHENSIVE DRUG PREVENTION POLICY

The possession and use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful, and illegal except when used as directed (prescription drugs) by a physician. Students are prohibited from using, selling, attempting to sell, possessing, distributing, delivering, transferring, concealing, or being under the influence of alcohol and/or other drugs or materials/substances represented to be a narcotic drug, depressant, or controlled substance (including tobacco and alcohol), or chemical substances which affect psychological functions or affect the educational system of the school. Students shall not engage in alcohol and/or drug use/abuse nor possess paraphernalia specific to the use of alcohol and/or other drugs.

This policy is in effect on premises owned, leased, or maintained by the school district, at all school-related activities on and off campus, on vehicles used to transport students to and from school or to other activities, and in vehicles parked on school property. Student and parent members of the school community are expected to know and understand the policy provisions and its mandatory nature. A copy of the policy will be provided to all students and parents. Compliance with this policy is mandatory for all students.

In accordance with Federal Drug Free Schools and Campuses legislation (Section 5145 of the Drug-Free Schools and Communities Act), the Board authorizes the use of programs aimed at facilitating awareness, prevention, and intervention regarding the use/misuse of alcohol and other drugs.

The primary responsibility for helping students seriously involved with alcohol and other drugs lies with the students and their parents. The District will recommend that students with alcohol and other drug abuse problems seek professional assessment from a trained chemical dependency counselor or a licensed physician trained in chemical dependency.

- 2) The Board authorizes District efforts to provide a supportive school environment for students harmed by alcohol and other drugs.
- 3) School chemical abuse prevention programs could provide:
 - a) group experiences
 - b) individual counseling
 - c) such other services as are judged to be necessary by school personnel and other involved agencies
 - d) programs for persons who desire more information
 - e) programs for those who need help with intervention in an existing problem (their own or someone else's)
 - f) programs for those who need help completing the goals of a rehabilitation program.

Students who violate this prohibition will be subject to disciplinary sanctions as provided in the disciplinary plans of the administrative units, up to and including suspension and/or expulsion. Students who violate this prohibition also will be referred to appropriate legal authorities for prosecution.

Asbestos Information

Dear Parents and Students:

The Meade School District 46-1 completed an asbestos survey of all the school buildings in the summer of 2016. A product of the audit is a report known as the Asbestos Management Plan that documents the areas that have asbestos containing materials. This plan also provides us with the information necessary to maintain the asbestos in a safe condition until its eventual removal. The AMP is on file for review at 12940 E. Highway 34, Sturgis, SD 57785, in the Building & Grounds office.

The danger of asbestos comes from breathing in tiny fibers when the material has been damaged. When this material is maintained in good condition or encapsulated, the potential hazard diminishes and the material may be kept in place for the life of the building or until renovation will disturb it.

To avoid exposure, it is important to know what types of materials may contain asbestos, to avoid any damaged areas, and to contact the appropriate personnel when these areas are found so the problem may be immediately remedied. Common applications of asbestos in buildings have included sprayed-on fireproofing, soundproofing, or thermal insulation; acoustic plaster soundproofing or ceiling tiles, pipe insulation, cement containing asbestos called transite; and floor tile and mastic, linoleum and backing. Most buildings constructed from 1950 to 1970 contain some of these asbestos containing materials. It is important to realize that not all buildings contain asbestos and the Asbestos Management Plan identifies these materials and their locations within our buildings.

We are continually working to maintain the asbestos containing materials in good condition through our Operations and Maintenance Program. When any material cannot be repaired or encapsulated safely, it is then removed. All remediation is performed in strict compliance with State of South Dakota and federal regulations. Activity involving asbestos within the district during the FY 2016-2017 was the removal 780 sq. ft. of tile and mastic at Williams Administrative Building as well as pipe wrap and insulation in the tunnels. The boiler room was abated after the project was completed. All removal was conducted by a professional contractor in compliance with state and federal regulations. The removal was updated in the district plan.

Should you have any questions or comments, or if you would like to review the AMP, please contact me by phone at 605-347-2523 or stop by the Williams Administrative Building at 1230 Douglas St., Sturgis, SD 57785.

Sincerely, Brett Burditt

Business Manager
