Accessibility Contingency Plan

In the case of an emergency, Meade School District staff will be assigned to assist students with a disability to ensure that they are able to get to safety and be with their class at the appropriately assigned area. In order to facilitate participation, accommodations will be made on an individual basis. Each disability is unique; the reasonable accommodations principal should be applied on a case by case basis for both students and staff. The 504 Coordinator will work with Meade staff to coordinate who may need additional assistance in the case of an emergency. The ADA Coordinator may refer issues regarding accessibility and accommodations for students to the student services department. If further information is needed, please contact Deb Kerstiens, 504 Coordinator/Assistant Special Services Director, at 605-347-4770 or Brett Burditt, ADA Coordinator, at 605-347-2523.

August, 2015

Dear Staff,

Welcome back! I am looking forward to another great year in the Meade District and I hope you are, too. I hope you have taken time to relax and enjoy family and friends this past summer and are ready to apply your expertise to the task at hand—providing rigor and relevant educational opportunities to the students in your classrooms.

Much of our professional development time this year will focus on developing the writing process with our students. We will return to the PASS “train the trainer” model where a consultant from BHSU will train the PASS trainers from within the district and they will, in turn, provide the professional development training to their colleagues at each of the inservice days. We will also return to having grade level meetings and department meetings throughout the year.

The Danielson Framework for Teaching Evaluation Model will be implemented in the 2015-2016 school year. Probationary teachers (in years one through three of employment) will be evaluated twice each year, prior to December 1 and April 1. Continuing Contract teachers will be evaluated at least once every two years. Informal observations (walk throughs, drop-ins) will occur at least twice per year for all teachers. Student Learning Objectives (SLO’s) will be a part of the evaluation process for those being evaluated in any given year. Teachers are certainly encouraged to write SLO’s, based on student assessment results from the previous year, to challenge themselves in moving their students forward in the learning process.

A new social studies text will be utilized in grades 6 through 8. It is part of the McGraw Hill series. Here is a link to the newly adopted social studies standards <http://doe.sd.gov/contentstandards/documents/15PropdSS.pdf>

Some of you will be venturing forth with Apple Macbooks. I hope you feel you have sufficient training to utilize these instructional tools to the greatest extent possible with your 6th-8th students. I am pleased at the strides many of you have made to find effective educational applications and programs for use in your classrooms. Many of you have found creative ways to utilize the productivity tools on the I pads. I have seen some wonderful applications of these productivity tools integrated into the curriculum. I hope you will continue to share your learning with your colleagues. I hope you will find many ways for your students to demonstrate their knowledge with these tools.

Best wishes for a great year!

Bev

ASBESTOS NOTIFICATION LETTER	

This faculty handbook is to help educators become acquainted with various operational procedures established for Whitewood Elementary. It will serve as a ready reference for staff and will help to insure uniformity and smoothness of operation.

1. SCHOOL BOARD POLICIES

The Meade School District 46-1 School Board Policy Manual contains the official policy for items concerning all the schools and their operation. The Policy Manual may be found at the district website under the School Board link and it will be well worth your time to become acquainted with the directives. Questions about board policies should be addressed to the immediate supervisor or the superintendent.

2. TEACHER’S DAY

Teachers have 7.5 hours of duty time plus 1/2 hour lunch.

7:30 or 7:45 a.m.	Teachers report for duty
8:00 a.m.	Classes begin
11:45-12:15	K-1-2-3 LUNCH
12:15-12:45	4-5-6-LUNCH
3:00 PM	Dismissal for students
3:30 or 3:45 p.m.	Teacher dismissal dependent on start of day

If you keep students after school, parents should be notified of their late dismissal. Don't keep them any later than 3:15 PM.

3. CLASS SCHEDULES

A class schedule should be developed as soon as possible and posted in every classroom. **ONE COPY SHALL BE GIVEN TO THE PRINCIPAL BY THE END OF THE FIRST FULL WEEK OF SCHOOL.** The principal will be notified of any changes or variations during the year.

4. LESSON PLANS

Lesson plans will be developed by all teachers. These should be a brief outline including the main objectives and applicable content standards. Lesson plans will be available for the observation of the principal. Lesson plans should be a clear, definite and informative plan that allows a substitute to proceed with your objectives.

Planning is essential to provide the students within that class a meaningful experience. Plans and materials to complete these plans should be laid out each evening for the following day. Both long term and daily planning is encouraged.

Lesson plans have several purposes:

- a) They give reasonable reassurance that each day's activities have been planned in advance with consideration for the specific needs of individuals and the group.
- b) They give the teacher and the substitute teacher a meaningful and descriptive guide of the day's activities.
- c) They give an overview of the curriculum experienced by each child within each classroom.

Planning time: Each teacher is provided with time before and after school for planning purposes. Teachers are strongly encouraged to utilize the time well in preparation for the needs of the students.

5. TEACHER EVALUATION

According to the school board policies and regulations, the principal will submit to the superintendent a written report on the status of each teacher relative to achievement, performance, and fitness for the position held. Teachers should be aware that any evaluation procedures which are adopted in the district are adopted for one and only one reason - to help teachers with their instruction of students. Classroom visits, supervision and conferences give the principal the opportunity to know what is going on in the classroom. Recommendations for improvement will be given when necessary.

Formal evaluations will be done as follows:

- a) First, second, and third year teacher - twice a year, prior to Dec. 1 and April 1
- b) Fourth year and up - once every two years or more often if deemed necessary by administrator.
- c) Formal evaluations will be scheduled between the teacher and the administrator.
- d) Formal evaluations are filed in the superintendent's office.
- e) Informal observations (walk throughs, drop-ins) at least twice a year for all teachers.
- f) Will utilize the Danielson Framework for Teaching Model

6. PLAYGROUND SUPERVISION IS TOP PRIORITY

Playground supervision at all times is imperative. Playground supervision an important part of staff responsibility. It is necessary for the following reasons:

- ◆ Preventing possible accidents and subsequent liability
- ◆ Supervising pupil to pupil relations (sportsmanship, courtesy, etc.)
- ◆ Teaching young people organized play, purposeful rules, etc.
- ◆ Becoming a part of the teacher-pupil relations and communications in an area other than academic
- ◆ For these reasons, an adult staff person must be on the playground with the students.
- ◆ A playground supervisor has the authority to determine the types of activities in which students participate and has the authority to determine if students are to remain indoors due to inclement weather.

7. STUDENT SUPERVISION

The teacher is expected to assume responsibility for his/her class for the entire class period. Under no circumstance should students be left unattended.

Learning activities are not limited to the classroom, but extend to the total school. Teachers and staff will not restrict their responsibilities to the classroom alone.

8. STUDENT PRESENTATIONS

Presentations done by students should be purposeful and reflect classroom learning. Teachers are asked to inform the principal and office staff of their presentations. When possible, parents should be invited to encourage community interaction. The district communications person wishes to be informed at least a week prior to cover these events for the local newspapers.

9. GRADING SCALE

Kindergarten through fifth grade teachers will use a Standards Based grading scale using the letters M,P,N. Music, computer, and P.E. teachers for grades kindergarten through fifth will use M,P,N. Teachers in sixth grade will use A, B, C, D, F, or I in all subject areas.

Level of Achievement Based on the South Dakota State Standards

- M = Meets Grade Level Expectation
- P = Progressing Towards Standard
- N = Needs improvement—minimal progress
- Blank = Skill not addressed

Grades for students in grades 6 will be available to parents/guardians on the Internet at the Parent Portal for the Infinite Campus site. You can request an access code for this site at the school office.

Grade Scale for Sixth Grade

A	97-100	Excellent
A-	94-96	
B+	92-93	Above Average
B	89-91	
B-	87-88	
C+	85-86	Average
C	82-84	
C-	80-81	
D+	78-79	Below Average
D	75-77	
D-	73-74	
F	72	Failing
I		Incomplete

A LIST OF MID-TERM (Mid-trimester) FAILING GRADES WILL BE TURNED INTO THE ADMINISTRATOR.

10. STUDENT ATTENDANCE

Students will be marked tardy if they are absent for less than 1/2 hour. Daily absences are marked four times in increments of 1 and 1/2 hours each. Perfect attendance is defined as having no tardies, no absences (other than school exempt), and no early releases.

11. HOMEWORK POLICY

The amount of homework assigned should depend upon the age of the students. Students normally should be given time in class to work on assignments. Parents are encouraged to take an active interest in their students' homework.

12. SUBSTITUTES

An approved substitute list will be provided from which the teacher may choose a substitute to call. The teacher must notify the principal on the day of or prior to the day of with the reason for the absence, the name of the person substituting, and the date(s), for which leave is being taken.

13. SUBSTITUTE FOLDER

Your substitute folder should include:

- Daily schedule (include music,computer and PE)
- Playground supervision and rules
- General helps in regard to students
- Attendance
- Location of manuals and materials
- Emergency lesson plans - have something that can readily be implemented in case you didn't have time to prepare
- Grading papers
- Written plans for next day
- Seating chart and/or name tags on desks

14. SCHOOL CLOSING

When school is not going to be held in the Meade School District, it will be announced between 6:00 a.m. and 6:30 a.m. Closures will be announced on the school district website (www.meade.k12.sd.us). Notification will be submitted to the following radio stations: KBHB (810 AM); KOTA (1380AM) KOUT (98.7 FM); KFXS (100.3 FM); KIMM (1150 AM); KMKK (93.9); KKLS (920 AM); KRCS (93.1 FM); KSQY (95.1 FM); KIQK (104 FM); KTOQ (1340 AM); KDDX (101.1 FM); KZZI (95.9 FM); and KDSJ (980 AM). Local television stations KOTA, KEVN, KNBN, AND KELO will also be notified. The information will be posted on the www.cancellations.com, a website where patrons can create accounts to receive email notifications. Staff and parents will also be notified via the School Reach calling system.

Parents are responsible for making alternate arrangements for their children in the event that school is closed early and/or if buses cannot return the children home.

15. EARLY RELEASE/WEATHER RELATED

Principal or Designee:

1. Wait for confirmation of early release from superintendent's office.
2. Let all staff know when early release will occur.
3. Allow students to use the school phone, if necessary.
4. Remain in the building until all students have left the building.

Teacher:

1. Teachers will be informed as soon as a decision is made.
2. Students will be informed in time to allow for them to make necessary plans and phone calls.
3. Teachers will talk to each child to insure they have a safe plan to get home.
4. If students do not have an appropriate plan, they need to report to the office until a safe alternative can be determined.
5. Teachers stay in the building until students are released.

16. STUDENT/PARENT/TEACHER CONFERENCES

Conferences are held to inform parents of the progress of their child. It is important that teachers be very honest with parents and the student so that they both know exactly where the student stands relative to objectives. Time should be allocated to discuss concerns of the student or parent or teacher. **LISTEN WELL**; many good things can develop from these conferences. I would encourage students to attend.

PARENT TEACHER CONFERENCES WILL BE HELD DURING THE FIRST AND THIRD TRIMESTERS. It is very important that parents know at what level their child is working. Keep parents informed on all matters.

17. CONFIDENTIAL INFORMATION

Extreme care will be taken in the handling of confidential information concerning staff, students and administrators. Student information cannot be given to anyone other than relevant staff unless a signed written release is in place.

18. BEHAVIOR OF STUDENTS

Educators teach not only basic subjects but respect for law and property, respect for fellow beings, and cooperation for the good of the whole and for the good of each individual. Teach these things by example, by reminding the violators and by praising the well-behaved.

Adult behavior cannot be expected from our students in all circumstances, but we can expect behavior which will lead to responsible adulthood. Remember, students are people too.

Teach good attitudes. They are contagious. Don't destroy the inherent qualities of enthusiasm, persistence, interest, and natural curiosity in children which is a natural motivator.

MOTIVATION: The best way to motivate students is by being excited yourself about the subject matter. Nothing motivates as well as a motivated teacher with a passion for teaching.

19. STUDENT DISCIPLINE (S.T.O.P.)

The development of responsible behavior and self discipline among students occurs at two levels within a school. First, since the student spends the greatest amount of time during the school day in the classroom, the classroom teacher must assume the primary responsibility for gaining the respect and cooperation of the students so that an effective learning environment may be maintained. Each teacher must apply a carefully thought out approach to classroom discipline and administer it with a sense of fairness and consistency. At other times, disciplinary problems occur which are beyond the scope of the classroom teacher's areas of responsibility or are of a serious enough nature to require referral to the principal. Through the administration of the school-wide discipline program, the tone will be set for acceptable behavior throughout the school. A carefully developed set of rules and consequences that insure fair treatment, consistency, and due process will be followed.

20. COMPLAINT POLICY

If a concern arises regarding a school issue, staff are asked to first address the issue with the other staff members immediately involved. If the matter is not resolved at that level, the building administrator or program director shall be contacted for further review. If the issue is not resolved after these steps, the formal complaint procedure should be followed.

21. STUDENT RESPONSIBILITY

One important part of education is individual responsibility. Teach students about responsibility first to themselves and then to those around them such as their family, community, state, nation and to the world.

22. TEACHER ATTITUDES

School climate is the feeling one gets when he/she enters a school building. You, the teacher, are an integral part of establishing a positive school climate. Do parents feel they can talk to you openly about their children? Do you share honestly with them about their children's abilities and lack of abilities? Do they feel welcome when they help in your classroom or stop in to visit? Do your students feel that you recognize them for who they are? Do they feel they can come to you with concerns? Do they know you want them to achieve as much as they can each year? Do your co-workers know they can come to you for ideas and support? Do you emit positive vibes in the workplace? Does your principal know that you come to work each day ready to be a leader?

23. CHANNELS OF COMMUNICATION

All district business involving staff must be conducted through appropriate channels. Staff members having concerns first should discuss these with their immediate supervisor. If not satisfied, the concerns should be discussed with the superintendent. If still not satisfied, staff members may ask (through the superintendent) to have the issue placed on the agenda of a school board meeting. It is not appropriate to contact individual board members with such concerns prior to following established channels. (It should be noted, however, that staff members are welcome to participate in discussions at board meetings about any agenda topic and to discuss agenda topics with individual board member.)

Staff members should take care to avoid discussing internal school matters in the community before they have been addressed through proper channels.

24. COMMUNICATION WITH ADMINISTRATION

Do not hesitate to discuss matters with the administration. Feel free to ask questions and make suggestions. Always remember that together we are working for one goal—the **CHILD**.

25. STUDENT VISITATION

Student visitations need to be cleared in advance with the classroom teacher and the principal. They shall be limited to an hour.

26. STUDENT RETENTION

Parents, teachers, and the principal are to be a part of a decision to retain a student. Decisions regarding retention should be made no later than May 1.

27. DISASTER DRILLS

Schools must hold drills to expedite evacuation if needed. Procedures are as follows:

FIRE - follow Safety Procedures plan for your room (assist students to their classroom teacher after exiting building), take your grade book, close all doors and windows, *TAKE A HEAD COUNT*.

BOMB THREAT, POISONOUS GAS, CHEMICAL THREAT, HOSTAGE SITUATION -

◆ K-6 proceed to the Lutheran Church.

SEVERE WEATHER - follow Safety Procedures plan for your room, bend down with heads to the wall.

OTHER SAFETY-RELATED ISSUES—follow established guidelines

28. ORDERING

Do not order classroom material without the approval of the principal. Do not order anything on a trial basis. Any buying from local merchants must be approved by the principal and a local purchase order must be used.

29. FIELD TRIPS

Teachers will be allowed to take students on meaningful, educational field trips authorized by the principal or superintendent. Field trips should be requested in writing at least three days prior to the trip and approved by the principal. These trips should be relevant to what the students are studying and can be taken anytime during the year. There is no reason to wait until spring or the last week of school. On field trips the students are to be supervised at all times because if the teacher is absent from a group and an accident occurs, the teacher may be held liable. **Please make sure you have signed parental approval for each trip and signed transportation forms if needed.**

30. STUDENT TRANSPORTATION ON SCHOOL TRIPS

(File: JHFE*)

The following constitutes the arrangements of the Meade School District concerning the transportation of students to and from extra-curricular school activities and school functions:

1. In most instances, District shall provide transportation to the students for all trips of more than ten (10) miles one way from the attendance center. This shall apply to all school functions where the attendance of the student is required, as well as extra-curricular activities. In most cases, the District will pay the cost of transportation, but in some cases, a student may be assessed a transportation fee. A student must travel on the school provided bus or van both ways. School personnel may release students to ride with the custodial parent, legal guardian, or other persons authorized by the parent and school, with written request.
2. In the case of school activities or school functions which are less than ten (10) miles one way from the attendance center, the District will generally provide transportation, provided the entire class is being transported. If less than the entire class is being transported, or in the case of extra-curricular off-campus home events, the students may be asked to provide their own transportation or be transported by District personnel or in private vehicles driven by a licensed and insured adult.
3. No student may ride with another student to or from a school function or activity during the school day, unless the students are siblings.

31. COURSE OF STUDY

All teachers in the schools of Meade School District 46-1 will be expected to use the adopted curriculum material and reporting processes.

32. CURRENT EVENTS

Keeping in close touch with the important happenings of the world today is a vital part of education and often the school day can be built around a news event of the day. Don't hesitate to use a newspaper or other appropriate resource to promote these issues.

33. LIBRARY SERVICES

Many instructional resources are available in the schools. Questions or requests may be placed with the district's elementary library media person. Students are scheduled for regular library presentations by district library media personnel.

34. CLASSROOM UPKEEP

Teachers, with pupils' helping hands, will keep their classrooms neat and clean. Better learning results in a clean, well-organized classroom.

35. PERMANENT RECORDS

Please ensure that state assessment results and student report cards are filed in student cumulative files at the end of the school year.

36. IMMUNIZATION REQUIREMENTS: ADMINISTRATIVE MEMORANDUM #6

Student Immunizations Policy

SDCL 13-28-7.1. states that ...”any pupil entering school or an early childhood program in this state, shall, **prior to admission**, be required to present to the appropriate school authorities certification from a licensed physician that the child has received or is in the process of receiving adequate immunization against poliomyelitis, diphtheria, pertussis, rubeola, rubella, mumps, tetanus, and varicella, according to recommendations provided by the Department of Health. “

Parents of new students **must submit** appropriate documentation that their children have received the minimum immunization requirements set forth in SDCL 13-28-7.1 **before** the first day their children enter school.

Students will not be admitted to school until and unless the school nurse has received and verified the immunization documentation.

37. HEALTH AND SAFETY

Be aware of the health of your students. Watch for skin eruptions, excessive coughing or flushed faces. Encourage the general cleanliness of students. If a child does not appear well, parents should be notified.

38. PROCEDURES FOR HANDLING UNEXPECTED EVENTS

There will be things that happen that are not already covered in some policy or procedure. These “unexpected” events need to be handled promptly and professionally. Please follow these steps when they happen

1. Call or speak to the building principal immediately.
2. If the principal is unavailable, make the situation known to the administrative assistant.
3. The administrative assistant will contact the necessary persons-emergency personnel, superintendent, maintenance director, principal.
4. The principal or administrative assistant will direct the staff on how further proceed.
5. Remember that it is your responsibility to care for the immediate safety and concerns of the students.
6. Do not contact parents or others outside the school until instructed by the principal or his/her designee.

39. RESPONSIBILITY FOR SCHOOL PROPERTY

All personnel are responsible for facilities, equipment, textbooks, and other materials under their charge. Business office inventory procedures must be followed whenever equipment is transferred permanently from any building to another. Sale or exchange of equipment must have the approval of the superintendent or business manager.

40. BOOK FINES

Students are responsible for the textbooks and library books issued to them. In case of damage to or loss of any book, a replacement fee will be paid. The replacement fees for workbooks and textbooks will vary according to market value. Replacement fees for library materials will be based on market value.

41. SPECIAL EDUCATION REFERRAL

USE OF ALCOHOL AND OTHER DRUGS BY EMPLOYEES (DRUG-FREE WORKPLACE POLICY)

File: GBED*

The District prohibits the unlawful manufacturing, distributing, selling, dispensing, possessing, using, or being under the influence of alcohol and/or other drugs in the workplace.

Any employee who violates this policy will be subject to disciplinary action which may include dismissal and referral for prosecution. It shall be a condition of employment in the District that each employee must abide by the terms of this policy and shall notify the Superintendent of any criminal alcohol and/or drug statute conviction for any alcohol and/or drug violation no later than five (5) days after conviction. Within thirty (30) days after receipt of such notification, one of the following actions shall be taken:

- a) Appropriate personnel actions, including possible suspension or termination.
- b) Requiring the employee to participate satisfactorily in an alcohol and/or other drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency. An employee who requests assistance shall be provided a listing of the regional treatment facilities or agencies to assist him/her in their choice of a service provider.
- c) Possible referral for prosecution.

A copy of this policy will be provided to each new employee and will be incorporated into all employee handbooks.

All convictions of employees for violating any criminal drug statutes shall be reported to the federal agencies that provide grants to the District, as required by law.

When an on-duty staff member has consumed alcohol off school property and/or before a school activity, the staff member will not be allowed on school property or to participate in school activities. Staff members who violate this regulation will be subject to the same disciplinary sanctions as for possession or consumption on school property.

Reasonable Suspicion

- A. The District may request an employee to undergo drug and alcohol testing if there is a reasonable suspicion that the employee is under the influence of, or has drugs or alcohol in his or her system during work hours. There shall be no random testing. Circumstances which constitute a basis for determining a reasonable suspicion may

include, but are not limited to:

1. A pattern of abnormal or erratic behavior which is so unusual that it warrants summoning a supervisor, department head, or someone else for assistance.
2. Information provided by a reliable and credible source with personal knowledge.
3. Direct observation of drug or alcohol use.
4. Presence of the physical symptoms of drug or alcohol use, i.e., glassy or bloodshot eyes, alcohol odor on breath, slurred speech, poor coordination and/or reflexes.
5. The possession of substances in violation of the District's drug and alcohol policy.

B. The employee may be asked to submit to blood and urine testing by a qualified medical physician or hospital at District's expense and on District's time. A group representative may be present during the discussion if the employee so requests. Prior to testing, the administrator or supervisor shall secure a signed release statement from the employee to have the hospital/physician release medical information to the District.

The employee who refuses to consent to a drug and alcohol test when reasonable suspicion of drug or alcohol use has been identified may be subject to disciplinary action based upon the facts and circumstances that led to the reasonable suspicion.

C. A positive result from the drug and/or alcohol analysis may result in disciplinary action. The District retains the right to discipline and terminate from employment any employee testing positive for drug/alcohol use, without first having to offer that employee an opportunity for treatment or rehabilitation.

D. Supervisors are required to detail in writing the specific facts, symptoms or observations which form the basis for their determination that a reasonable suspicion existed to warrant the testing of an employee.

Testing Procedures

Drug/alcohol testing will be done within two hours or as soon as possible following request for testing.

The administrator, supervisor, or school liaison officer will escort the employee to the Massa-Berry Clinic or alternate facility for testing. If after testing the employee is deemed unfit to continue working, he/she will be suspended pending further investigation and the results of the drug/alcohol testing.

The results of such testing shall be given to the Office of the Superintendent. The Superintendent and the administrator or supervisor will meet with the employee to discuss the situation, test results, and future actions.

Nothing contained herein shall prohibit the District from requiring an employee to submit to a portable breath test and/or a blood test in the case of suspected alcohol use.

The employee may request that re-testing be done at a facility of his/her own choosing. Such re-testing must be done on the same sample as was originally tested and at the employee's own expense.

Any attempt to falsify test samples or results shall be grounds for immediate dismissal.

Confidentiality

Information obtained on individuals as part of the drug screening test or pursuant to this policy will be disclosed only to those persons having legitimate need for it. Medical records pertaining to drug or alcohol use are confidential, and access to such records shall be in accordance with the District policy. Medical records are not kept in the personnel file.

STUDENT GRIEVANCE

A. STUDENT GRIEVANCE

A grievance is defined as a complaint lodged by a student with a member of the staff or administration alleging one or more of the following unfair practices:

1. that a school rule is unfair
2. that a school rule or regulation discriminates between students
3. that a unfair procedure has been used in arriving at a punishment

Grievances are processed through 3 steps:

1. to the Counselor
2. to the Principal; and
3. to the Superintendent, in that order.

On all three levels an informal conference is to be held within five(5) days of the date of filing of the complaint so that no student's complaint shall consume more that 15 days time in all. The burden of proof is upon the student to show that a rule is unfair, is discriminatory, or that unfair procedure (lack of due process) has been perpetrated. The final resolution of the grievance is to be in writing at the principal ship level and designed to provide the student with a basis for resolution of the problem as originally stated.

B. STUDENT GRIEVANCE PROCEDURE

If a student has a grievance, they should present it in writing to:

LEVEL 1: The school counselor should be scheduled for an informal discussion of said grievance. It is expected that many grievances may be resolved at this level. The counselor must hold a conference within (5) days of the date of the filing.

LEVEL II: If a student is not satisfied with the resolution made at Level 1, that person may appeal in writing to the Principal for an informal conference and discussion of said grievances.

LEVEL III: If a student is not satisfied with the resolution made at Level 2, they may appeal to the Superintendent for an informal conference and discussion of said grievances.

LEVEL IV: If a student is not satisfied with the resolution at Level 3, they may appeal to the School Board.

**MEADE SCHOOL DISTRICT 46-1
BUILDINGS & GROUNDS DEPARTMENT**

“To Build Knowledge and Skills for Success Today and Tomorrow”

May 11, 2015

Dear Parents & Staff:

Meade School district 46-1 completed an asbestos survey and assessment of all the school buildings in August of 2013. From the audit, a report was developed called the Asbestos Management Plan that documents the areas that have asbestos-containing materials, and which also provides us with the information necessary to maintain the asbestos in good condition until its eventual removal. This plan is on file for review at 12940 E Highway 34, Sturgis, South Dakota, in the Buildings & Grounds office.

The danger of asbestos comes from breathing in tiny fibers when the material has been damaged. When this material is maintained in good condition, the potential hazard diminishes and the material may be kept in place for the life of the building or until renovation will disturb it.

To avoid exposure, it is important to know what types of materials may contain asbestos, to avoid any damaged areas, and to contact the appropriate personnel when these areas are found so the problem can be immediately remedied. Common applications of asbestos in buildings have included sprayed-on fireproofing, soundproofing, or thermal insulation; acoustic plaster soundproofing or ceiling tiles, pipe insulation, cement containing asbestos called transite; and floor tile and mastic, linoleum and backing. Most buildings constructed from 1950 to 1970 contain some of these asbestos-containing materials, but it is important to realize that not all buildings contain asbestos. The management plan pinpoints these materials and their locations within our buildings.

We are continually working to maintain the asbestos containing materials in good condition through our Operations and Maintenance Program. When any material cannot be repaired or maintained it is then removed. All work is performed in strict compliance with State and Federal regulations. Activity involving asbestos within the district during the 2015-2016 year included removal of tile in the boys and girls restroom at SBHS. All removal was conducted by a professional contractor in compliance with State and Federal regulations. The district plan has been updated to reflect the changes.

The entire maintenance staff received annual asbestos training which supports the district goals of providing a safe environment for learning. .

Should you have any questions or comments, or if you would like to review the Management Plan, please contact me by phone at 347-2523 or stop at the Williams Administrative Building at 1230 Douglas Street, Sturgis, SD.
