

# Shared Well Agreement

This Agreement is entered into by and between:

- A. Meade School District 46-1, of 1230 Douglas Street, Sturgis, South Dakota 57785. Hereinafter referred to as the District, and Opal Fire Department, of 18140 Opal Road, Opal, South Dakota, hereinafter referred to as Fire Department.

## WITNESSETH

1. That there is currently a water well and pump located on the property belonging to the District. That the Fire Department shall have right to, at its own expense, connect to said water well and construct a water pipeline across the District's property for the purpose of providing water to said Fire Department building. It is understood and agreed that the water shall be used for domestic consumption and for no other reason. The cost of constructing, repairing, and maintaining said water pipeline shall be the sole responsibility of the Fire Department.

If the District's property requires excavation in order to construct, repair or maintain said water pipeline, Fire Department agrees, that upon completion, to properly compact the soil and return the property to the condition it was in prior to the excavation.

2. That should the well or pump require repair, maintenance or replacement, the District and Fire Department shall share equally said expenses. At the time of installation, the Fire Department shall install an isolation valve to the Fire Department building in the well pit.
3. That the Shared Well Agreement shall remain in full force and effect so long as the well can produce sufficient quantities of water, or so long as the respective properties belong to the District and Fire Department.
